Translated by Sir Samuel Garth, John Dryden, et al Metamorphoses has been divided into the following sections: Download: A 648k text-only version is available for download. © 1994-2009 Project Gutenberg 68,391 free ebooks 15 by Ovid Kline, A.S., (poetry translation) "Ovid - The Metamorphoses" Author Email: admin@poetryintranslation.com Description of text: This translation of Ovid's Metamorphoses combines readable contemporary language with an in-depth mythological index fully hyper-linked to the main text and vice versa. Includes selected illustrations from the unfinished Ovid cycle by Hendrik Goltzius (The Netherlands, 1558-1617). Kline, A.S. Free download available in PDF, epub, mobi, and AZW3 ebook formats. Or read online. Skip straight to downloads. The Metamorphoses is a Latin narrative poem by Ovid, a Roman poet who lived during the reign of Augustus. One of the most important sources of classical mythology, Metamorphoses is a chronicle of the history of the world (from its creation to Julius Caesar) with a historical-mythological framework. It has inspired authors such as Dante Alighieri, Giovanni Boccaccio, Geoffrey Chaucer, and William Shakespeare and is considered to be Ovid's magnum opus. With an overall theme of love, Ovid's work tends to elevate humans over the gods, with him frequently mocking the latter. Divided into fifteen books, The Metamorphoses contains over 250 myths, covering the Creation, the ages of mankind, the diverse mythology of gods and goddesses such as Mercury, Bacchus, Diana, Apollo, and Jupiter, the expedition against Troy and its subsequent fall, the doctrines of Pythagoras, the deification of Julius Caesar - and lots more. The stories within the book have spawned numerous paintings and sculptures, particularly during the Renaissance. Over 2,000 years since being written, and The Metamorphoses remains one of the most influential works in Western literature and culture. This book has 600 pages in the PDF version. This translation by Samuel Garth was originally published in 1717. Production notes: This ebook of Metamorphoses was published by Global Grey on the 29th October 2021. The artwork used for the cover is 'Aeneas and Dido Fleeing the Storm' by Jean-Bernard Restout. I run this site entirely on my own. Chaos is divided by the Deity into four Elements: to these their respective inhabitants are assigned, and man is created from earth and water. The four Ages follow, and in the last of these the Giants aspire to the sovereignty of the heavens; being slain by Jupiter, a new race of men springs up from their blood. These becoming noted for their impiety, Jupiter not only transforms Lycaon into a wolf, but destroys the whole race of men and animals by a Deluge, with the exception of Deucalion and Pyrrha, who, when the waters have abated, renew the human race, by throwing stones behind them. Other animated beings are produced by heat and moisture
